PRECIOUS OSAZENAYE
Frontend Web Developer

CAREER OBJECTIVE

Dedicated and results-driven Frontend Web Developer with two years of hands-on experience in creating visually appealing, user-friendly, and responsive web applications. Seeking to leverage my expertise in HTML, CSS, JavaScript, React.js, Tailwind css and modern frontend frameworks to contribute to a dynamic team and help clients achieve their online goals. Committed to staying current with industry trends and delivering high-quality, pixel-perfect web experiences that exceed user expectations.

WORK EXPERIENCE

Frontend Engineer

Meta-Champions

August 2021 - December 2021/ Remote

- Improved user engagement metrics by leveraging React.js to create dynamic and interactive user interfaces.
- Implemented Tailwind CSS to expedite styling and reduce development cycles, resulting in substantial time savings during the production phase.
- Effective collaboration with cross-functional teams led to seamless integration and a consistent user experience throughout the application.
- Successfully optimized code and assets, leading to faster load times and improved SEO rankings, positively impacting user satisfaction and search visibility.

Frontend web developer

RLFX

February 2023 - June 2023/ Contract

- Developed and conducted comprehensive courses in web design and graphics, resulting in a 30% increase in student enrollment and a 25% rise in positive student feedback.
- Mentored students in real-world projects, guiding them to create portfolios showcasing their skills, leading to a 40% increase in job placement rates post-graduation.
- Implemented innovative teaching methodologies, integrating industry trends and tools into the curriculum, ensuring students are well-equipped with up-to-date skills.

Web Development Intern

TWP

July 2023 - current/ Nigeria

- Contributed to the development of responsive and user-friendly web applications using HTML, CSS, and JavaScript, aiding in the successful launch of client's websites.
- Collaborated with other developers to implement new features using React.js, significantly reducing page load times by optimizing code and assets.
- Assisted in debugging and troubleshooting issues, ensuring a smooth user experience and overall product quality.
